

Y10-11 Maths Masterclasses

Deepen understanding. Stretch high achievers.

Get ready to think bigger and go further in maths! Our expert-led masterclasses — up to three 2-hour sessions — are designed to stretch and inspire top Year 10–11 students (Grades 7–9).

Masterclass highlights:

- Bringing the world of quadratics together
- Visualising geometry through technology
- The significance of data in the modern world
- Delivered by expert A level teachers with sixth form students support
- Flexible times — choose one session or a full series

Details:

- Delivered **at your school** or hosted at DSFC
- Funded by **Durham Sixth Form Centre**
